- Emotional Intelligence
- Active Listening, Empathy
- Effective Communication
- Adaptivity & Resilience
- Collaborative Planning
- Team Collaboration
- Attention to Detail

CAREER SUMMARY

❖ Results-driven Full Stack Web Developer and Data Analyst currently pursuing Master's degree with 5+ years of experience designing, developing, and deploying scalable, data-driven web applications. Proficient in front-end and back-end technologies including JavaScript, React, Node.js, Python, and SQL. Skilled in transforming complex data into actionable insights through data visualization, statistical analysis, and machine learning techniques. Strong understanding of Agile methodologies.

PROFESSIONAL EXPERIENCE

DATA ANALYTICS **November 2024- May 2025.**
PQP • Abuja, Nigeria

- Cleaned and pre-processed large datasets for web integration and analysis, ensuring high data integrity and consistency.
- Analyzed and visualized complex datasets using Python (Pandas, NumPy), Power BI, and Tableau, delivering insights that improved decision-making and boosted operational efficiency by 25%.
- Developed and maintained responsive, user-centric web applications using JavaScript, React, Node.js, and Express.js, resulting in a 30% increase in user engagement.

COMPUTER ENGINEER **June 2022-July 2023.**
CHANNELS TELEVISION • Abuja, Nigeria

- Design, develop, and maintain software for managing digital broadcasting workflows.
- Integrate automation systems with broadcast scheduling and playout servers.
- Troubleshoot and resolve software issues in live production environments.
- Develop scripts/tools for real-time monitoring and reporting of system performance.
- Ensure compliance with broadcast standards and IT security protocols

Automotive Maintenance & Repair Trainee **Aug 2013-July 2015.**
KAYSON NIGERIA COMPANY • Warri, Nigeria

- Gained hands-on experience diagnosing, maintaining, and repairing vehicles, including engines, brakes, suspension, and electrical systems.
- Performed routine servicing such as oil changes, tire rotations, and fluid checks with attention to safety and manufacturer standards.
- Developed problem-solving and mechanical troubleshooting skills through practical engagement and mentor guidance.

TECHNICAL SKILLS

- Languages: JavaScript, Python, HTML5, CSS3, SQL
- Frameworks/Tools: React, Node.js, Express.js, Tailwind CSS, Bootstrap, Django
- Databases: MySQL, MongoDB, PostgreSQL
- Tools & Platforms: Git, GitHub, Docker, VS Code
- Data Analytics: Excel, Python (Pandas, NumPy), Power BI, Tableau
- Others: REST APIs, Responsive Design, Agile/Scrum
